Tableau Workshop

Garrett Morrow
Race, Crime, and Criminal Justice
Ramiro Martinez
Fall 2019

Workshop Agenda

- Workshop objectives
- Group discussion
- Tableau work period & questions

Workshop Objectives

- Refine your research questions
- Continue working with Tableau in class with the opportunity to ask questions
- Discuss your visualizations with your classmates to better understand the dataset and the different visualization methods
- Tableau work period & questions

Northeastern University
NULab for Texts, Maps, and Networks

Group Discussion

In your experiences with Tableau so far, what are some of the **strengths** and **weaknesses** of the software? Have there been any **difficulties** using Tableau?

Workshop

Using the data:

- Create visualizations (maps & graphs) that can help answer your research question
- Please ask questions of us, we are here to help!
